13) The grant of a conveyance allowance to an officer would generally depend upon the type of Conveyance used by him and the jurisdiction in which he has to tour for the execution of the work entrusted to him

The Assistant Engineers attached to the Irrigation Board should be supplied with Conveyance allowance at the same rate as each given

on conveyance allee of Rs 75/pm
on the understanding that they each
maintain a car for their work.
In this case the Asst Engineer (no
programmes) attached to Municipality
HQ is said to be making a
motor cycle for his work and I
do have recommended the payment of
the conveyance allee of Rs 75/pm
sanctioned to him, on the ground that he
-is unable to get a car
The point however is that it would
create a very inconvenient precedent
to comply with the request although it is
true that hard cases make bad
exceptions it is also difficult to
get new motor cars - it may not however
be possible to continue the payment of
a conveyance allee of Rs 75/pm existing
be revised as a special case to Rs
50 or Rs 60/pm up to the end of
June 1944, in view of the very
favourable remarks to your
and also the recommendation of the

17) Submitted for orders.

18) Further inquiries will be made from the two engineers from the date as also about the conveyance drawn by them with the copy of their letter as noted in para 3 of the

5/12/47 new regd for 3/12/47

19) It is stated that a conveyance allowance of Rs 75 p.m has been sanctioned to Asst Engineers from September 1947 But this allowance

has been sanctioned on the specific condition that motor cars are maintained.

2) But it is difficult for officers on small pay either to purchase cars or even to maintain them properly or with a conveyance allowance of Rs 75 only. Even the maintenance of a motor cycle will cost more than Rs 25/- in these hard days So to limit the Conveyance allowance ~~of Rs~~ to 25/- only as obtained by the financial Secy. in the case, as the officer is maintaining only a motor bicycle, will not meet the exigencies of the appointment

3) In my opinion it is needless to enter into further correspondence in this matter or to call for any further report from the Municipality as proposed. I would recommend the continuance of the present

Rate of C. A at Rs75/- alone without insisting on the maintenance of a motor car only

The maintenance of a motor cycle also may be considered sufficient as a special case for this purpose until the work-market conditions cases motor cars become more easily available

(2) Even if need be, in such cases where only motor cycles are maintained the C. A may be limited to Rs 50 or Rs 60/- as proposed by the Asst. Secy in his note above temporarily as a special

Sir,

I have the honour to bring to your kind notice that I have purchased a motor cycle for conveyance to attend to duties, as I could not get a car have paid for the machine three time its normal price

The running cost, maintenance and payment to - cleaner and for servicing amounts to nearly as much as for a owner driven small car

I therefore, request that I may be kirdly permitted to draw the car allowance sanctioned for Assistant Engineer from September 1947

I have the honour to
Sir,
Your most obedient servant
